EDUCATION

Faculty of Computers and Information

Zagazig University

Information Technology Department

Expected Graduation: 2027

SKILLS SUMMARY

- **Languages:** Dart, C++
- **Frameworks:** Flutter, Firebase, Provider
- **Tools:** Android Studio, VS Code, Git, GitHub, Figma, Firebase Console
- **Databases:** Firebase Firestore, SharedPreferences, SQLite
- **UI/UX:** Figma, Wireframing, Prototyping, User Flow, Responsive Design
- **Soft Skills:** Problem Solving, Teamwork, Communication, Time Management, Attention to Detail
- **Languages (Spoken):** English (C1), Arabic (Native)

PROJECTS

Coffayeen App

- Designed and developed a modern coffee ordering application using Flutter and Firebase.
- Implemented Firebase Authentication for secure user login and registration workflows.
- Added Favorites and Cart functionalities utilizing Provider for state management.
- Built a responsive UI that adapts seamlessly across multiple screen sizes.
- Designed the user interface in Figma prior to the development phase.

Todo App

- Developed a task management application with full CRUD operations.
- Utilized SharedPreferences for efficient local storage and rapid retrieval of tasks.
- Implemented features to track and update task status efficiently.
- Designed a clean, intuitive, and user-friendly interface.

Islamic App

- Built an Islamic application featuring a Quran API and Hadith API for accessing religious texts.
- Integrated a Radio Streaming feature for live audio broadcasting.
- Developed a digital Tasbeeh Counter and integrated comprehensive prayer features.

CERTIFICATES

Flutter Course

- Gained comprehensive knowledge in building cross-platform mobile applications using Flutter and Dart.

Fundamentals of Programming

- Learned to integrate scalable backend services including Firebase Authentication, Firestore, and Realtime Database.

UI/UX Course

- Acquired skills in wireframing, prototyping, and designing user-centric interfaces using industry tools like Figma.
